CONSTITUTION OF INSTITUTION'S INNOVATION CELL

ACADEMIC YEAR 2025-26

PRIW/IIC/2025-26/014

Date: 14-08-2025

Ministry of Education (MoE), Govt. of India has established 'MoE's Innovation Cell (MIC)' to systematically foster the culture of Innovation amongst all Higher Education Institutions (HEIs). The primary mandate of MIC is to encourage, inspire and nurture young students by supporting them to work with new ideas and transform them into prototypes.

MIC has envisioned encouraging creation of 'Institution's Innovation Council (IICs)' across selected HEIs. A network of these IICs was established to promote innovation in the Institution through multitudinous modes leading to an innovation promotion eco-system in the campuses.

The main aim of this Cell is, thus, to create intuition in terms of creative design ideas in various fields of engineering in an aesthetic approach. Innovation Cell will assist students and also encourage young talented minds by providing them a perfect platform for show casing their talents, working together as teams and participate in various competitions. It will also serve to provide the students a platform to excel in their specialized area of interest.

Vision

To emerge as a center of excellence in fostering innovation, entrepreneurship, and startup culture by empowering students and faculty to develop impactful and sustainable innovations aligned with national priorities.

Mission

- To conduct various innovation and entrepreneurship-related activities in time bound fashion.
- Identify and reward innovations and share success stories.
- Organize periodic workshops/ seminars/ interactions with entrepreneurs, investors, professionals and create a mentor pool for student innovators.
- Network with peers and national entrepreneurship development organizations.
- Create an Institution's Innovation portal to highlight innovative projects carried out by institution's faculty and students.
- Organize Hackathons, idea competition, mini challenges etc. with the involvement of industries.
- Encourage students and faculty to develop startups and entrepreneurial ventures.
- Support intellectual property generation such as patents, copyrights, and designs.
- Strengthen collaboration with industries, incubation centers, and government innovation agencies.
